**Cambodia COVID-19 Emergency Response
Project (P173815)**

Draft

**UPDATED ENVIRONMENTAL and SOCIAL
COMMITMENT PLAN (ESCP)**

15 July 2020

ENVIRONMENTAL AND SOCIAL COMMITMENT PLAN

1. The Kingdom of Cambodia (hereinafter the **Recipient**) will implement the Cambodia COVID-19 Emergency Response Project (P173815) Project, including the additional financing of US\$1.21 million from the Pandemic Emergency Financing Facility (P174605) (the **Project**), with the involvement of the Ministry of Health (MoH). The International Development Association (hereinafter the **Association**) has agreed to provide financing for the Project.
2. The Recipient will implement material measures and actions so that the Project is implemented in accordance with the Environmental and Social Standards (**ESSs**). This Environmental and Social Commitment Plan (**ESCP**), which was prepared in March 2020 and updated in July 2020, sets out material measures and actions, any specific documents or plans, as well as the timing for each of these.
3. The Recipient is responsible for compliance with all requirements of the ESCP even when implementation of specific measures and actions is conducted by the Ministry, agency or unit referenced in 1. above.
4. Implementation of the material measures and actions set out in this ESCP will be monitored and reported to the Association by the Recipient as required by the ESCP and the conditions of the legal agreement, and the Association will monitor and assess progress and completion of the material measures and actions throughout implementation of the Project.
5. As agreed by the Association and the Recipient, this ESCP may be revised from time to time during Project implementation, to reflect adaptive management of Project changes and unforeseen circumstances or in response to assessment of Project performance conducted under the ESCP itself. In such circumstances, the Recipient/ or delegate(s) will agree to the changes with the Association and will update the ESCP to reflect such changes. Agreement on changes to the ESCP will be documented through the exchange of letters signed between the Association and the Recipient / or delegate(s). The Recipient / or delegate(s)] will promptly disclose the updated ESCP.
6. Where Project changes, unforeseen circumstances, or Project performance result in changes to the risks and impacts during Project implementation, the Recipient shall provide additional funds, if needed, to implement actions and measures to address such risks and impacts.

MATERIAL MEASURES AND ACTIONS		TIMEFRAME	RESPONSIBLE ENTITY/AUTHORITY
MONITORING AND REPORTING			
A	REGULAR REPORTING: Prepare and submit to the Association regular monitoring reports on the environmental, social, health and safety (ESHS) performance of the Project, including but not limited to, stakeholder engagement activities and grievances log.	Six-monthly, throughout Project implementation.	Project Implementation Unit at the Ministry of Health
ESS 1: ASSESSMENT AND MANAGEMENT OF ENVIRONMENTAL AND SOCIAL RISKS AND IMPACTS			
1.1	ORGANIZATIONAL STRUCTURE: The MoH shall establish and maintain a Project Implementation Unit (PIU) with qualified staff and resources to support management of ESHS risks and impacts of the Project including environmental and social risk management specialists as well as part time consultants as required, and assigning an ESF Focal Point in the PIU to provide ongoing support, advice and monitoring to all the institutional stakeholders.	The ESF Focal Point has been designated/appointed by MOH to support the Project before the beginning of the relevant Project activities, and will be maintained throughout Project Implementation. Part time consultants will be hired and retained on an as-required basis.	Project Implementation Unit at the Ministry of Health
1.2	ENVIRONMENTAL AND SOCIAL ASSESSMENT/MANAGEMENT PLANS AND INSTRUMENTS/ CONTRACTORS a. Assess the environmental and social risks and impacts of proposed Project activities, in accordance with the Environmental and Social Management Framework (ESMF) prepared for the Project and which will include an Infection Prevention and Control and Waste Management Plan (IPC&WMP), including to ensure that individuals or groups who, because of their particular circumstances, may be disadvantaged or vulnerable, have access to the development benefits resulting from the Project. b. Prepare, disclose, adopt, and implement any environmental and social management plans or other instruments required for the respective Project activities based on the assessment process, in accordance with the ESSs, the ESMF, the ESHGs, and other relevant Good International Industry Practice (GIIP) including relevant WHO guidelines on COVID19 in a manner acceptable to the Association. c. Incorporate the relevant aspects of this ESCP, including, inter alia, any environmental and social management plans or other instruments, ESS2 requirements, and any other required ESHS measures, into the ESHS specifications of the procurement documents and contracts with contractors and supervising firms. Thereafter ensure that the contractors and supervising firms comply with the ESHS specifications of their respective contracts.	a. ESMF has been re-disclosed. IPC&WMP to be adopted, and assessment to be conducted before the carrying out of the relevant Project activities. b. Before the carrying out of the relevant Project activities, and thereafter throughout the carrying out of such activities. c. Before launching the procurement process for the relevant Project activities, and thereafter throughout the carrying out of such activities.	Project Implementation Unit at the Ministry of Health
